

## **A treat for the senses at St Winifreds Care Home**

### **Sensory session**

**Our residents here at St Winifreds Care Home relaxed with a stimulating sensory session on Friday 5 March.** We transformed the lounge with an LED projector light show and soothing sounds.

### **Music morning**

We took it up a notch on Saturday 6 March with a lively music session. Our residents shook maracas, bells and tambourines to music.

*Just look at those smiles!*
