

Bright Sparks Nursery visits St Winifreds Care Home

We had the children from Bright Sparks Nursery visit us here at St Winifreds Care Home on Thursday 13 February, much to our residents' delight!

The young children sat around the table with our residents while they decorated heart-shaped biscuits and fairy cakes together.

As a wonderful parting gift, the children gave us a **"Happy Tree"** – a small plant with painted heart shapes on it and written words of all the things they like doing.
