

## Bringing the beach to St Winifreds Care Home

We delighted our residents at St Winifreds Residential Care Home recently, when we brought a taste of the seaside to our Home.

We had fantastic live music with **Jasmine**, who brought a real Copacabana feel with her singing. We also hired a wonderful **vintage ice cream van**, with refreshing ice creams and sweet treats for everyone to enjoy.

Our residents and staff all joined in singing, dancing and having fun together.

Everyone looked the part in their flower garlands and sun hats – *a beach day to remember!*
