

Celebrating Valentines Day at St Winifreds Care Home

What fun we had getting ready for Valentine's Day last week here at St Winifreds Care Home.

In an **arts and crafts session**, we **made hearts** with our names and our partner's name on. We also made **themed cards** and talked about love and sweethearts, and added hearts on to our feature wall.

On Valentine's Day morning our residents **decorated heart and flower shaped cookies**. We had fun making a mess with the icing, but they turned out well and were a real treat with a lovely cup of tea.

After the cookie decorating, everyone spent Valentine's afternoon enjoying **musician Barry Goss** – we all sang and danced along to Elvis, The Searchers, The Beatles and Cliff Richard. *What a brilliant day!*
