

Country Blues perform for St Winifreds Care Home residents

Country Blues

On Monday 26 February our St Winifreds Care Home residents thoroughly enjoyed their monthly visit from John and Ellie, also known as 'Country Blues'.

Our residents, relatives and team members all enjoyed a **good old singalong** and a jig on the dance floor. *What a great start to the week!*

Diana's bird feeder

Our lovely resident **Diana received a wonderful bird feeder for her birthday** from her family, which has been a great source of joy for her. She loves to fill it with food for the birds and **watch it from her window**.

To Diana's and our team's delight we noticed a **squirrel visitor**, who we hope will be a regular! Diana says its name is 'Flossy' – *she is delighted!*
