

Creative arts and crafts at St Winifreds Care Home

Wall art display

We are creating a spring and summer feature wall here at St Winifreds Care Home, with the main display being a tree. The base will be staff handprints and the leaves will be our residents' handprints.

We had a great and messy time doing them!

We look forward to putting it all together.

Clay pots for Easter

On Tuesday 28 March we started making pots from air drying clay, all ready for flowers and eggs at **Easter**. We had a great time and found that many of us have talent in this department!

They will look fabulous when finished.

Diamond art

Our ladies have been really enjoying their diamond art, which involves carefully adding 'diamond' sequins onto a background picture.

We have been doing a large one featuring dolphins and some individual ones too and we are all very proud of the time we've taken on them. We can't wait to see them on the wall, adding a touch of sparkle to the room!
