

Homemade advent calendars at St Winifreds Care Home

Today at St Winifreds Care Home, we finished off our homemade festive tree advent calendars by filling them with sweets and covering the front of them with tissue paper.

After this we were able to add stickers (one to 24). Each of our communities will have one and **every day a different resident will open a door.**

We think you'll agree they look fantastic! What fun for us all to look forward to every day, leading up to Christmas day.
