

Keeping in touch at St Winifreds Care Home

Our lovely residents at St Winifreds Care Home put pen to paper recently, as they wrote personal letters to their loved ones, to send out with photos to keep in touch.

At times like these, **heartfelt letters** mean so much, so it was super to see so many of our ladies enjoying putting their words down on paper. We know their families and friends will be delighted to receive their news.

Sandwich making

Our residents also had fun making their own **sandwiches and cheese and biscuits** for tea time on Thursday 24 September. Most of them ate theirs straight after making – *the sign of a good snack!*
