

Pamper gift donation for staff at St Winifreds Care Home

AVON

We have received a lovely donation of beauty products at St Winifreds Care Home from Sarah Jephson who has been working for Avon for around six years.

2020 was a hard year for everyone and a challenge for our key workers, so she wanted to say 'thank you' to some of them by using her commission to donate to our **Home** and other care homes across the country.

We are delighted by the range of **pampering products** she has gifted to us, which include **hand creams**, **bath bombs** and **face masks** – *what a treat!*

From all our staff at St Winifreds, we'd like to say thank you Sarah for your lovely donation, it is very much appreciated.
