

## **Pink tea party at St Winifreds Care Home**

**To mark Breast Cancer Awareness Day we hosted a pink tea party for our lovely residents here at St Winifreds Care Home.**

Our Recreation and Well-Being team members **dressed in pink for the day** and arranged pink plates and delicious **pink cupcakes** made specially by our Chef James.

**We discussed the importance of checking our breasts**, and for some fun we also played a dice game with winners receiving prizes of pink body washes and hand cream.

*Everyone agreed, over tea and coffee, that it was a truly, fabulously pink afternoon!*
