

## **Pinky the pony visits St Winifreds Care Home**

**It was 'Pet Therapy Day' here at St Winifreds Care Home on Thursday 14 June.**

We were delighted to welcome '**Pinky**', a 38 inch tall Palomino Shetland Pony, into our **Home** to visit our residents.

She arrived at 2.30pm and spent time with each of our ladies and gents in the nursing wing, in their individual rooms.

Our residents absolutely loved the 2 hour session, chatting and stroking Pinky and feeding her apples; some of them couldn't believe a pony had walked into their bedroom and some even cried as they were so thrilled!

It was very special seeing the joy Pinky's visit brought. A memorable afternoon was had by everyone.
