

## St Winifreds Care Home residents and staff create a fantastic Valentines display

**On Wednesday 11 February, our residents and staff got together to create a wonderful Valentine's mannequin display for our Home here at St Winifreds Care Home.**

We cut out **hearts** and used **decorated envelopes** and **material roses** to make a fantastic **Valentine's themed dress for our mannequin** which looks great!

We all enjoyed getting involved, and listened to **music** as we crafted. An absolutely lovely morning with lots of laughs and giggles.

Our dress has been set up in our display area for everybody to see, right alongside our Wishing Tree.

*Wishing everyone a very happy Valentine's Day. xx*

We all love roses!
