

St Winifreds Care Home residents create splash art

On Tuesday 4 May our residents spent their afternoon making some fun splash art canvases here at St Winifreds Care Home.

Our ladies used **different coloured paints** and their brushes to create **colourful abstract drip, splash and dot pictures**. They thoroughly enjoyed making art and getting messy with the paints.

We've put them up as a group in our lounge – don't they look great together!

....move over Jackson Pollock!

Our **VE Day mannequin** is all ready and set for VE Day this coming Saturday 8 May.

She is currently being displayed in one of our lounges for all to enjoy, alongside our splash art.

Our VE Day mannequin tribute
