

St Winifreds Care Home residents enjoy diamond art

We've started this year off with some Disney diamond art at St Winifreds Care Home.

We have an eye-catching template of **Disney princesses** which we are filling with diamonds, using a '*paint by numbers*' type approach.

Whilst some of our ladies got stuck in, others preferred to sit and watch as the picture started to take shape – it's already looking pretty.

It may take several weeks to finish, but our residents are determined to complete it!
