

## St Winifreds Care Home residents enjoy their Christmas party

**On Thursday 15 December our residents at St Winifreds Care Home had a great time at their Christmas party.**

We made **personalised invitations** – which included lovely photographs of our residents – to invite a family member along.

Our halls were decked, from outside lights at the front of our Home, to Christmas trees and a winter wonderland inside – *we were certainly looking festive!*

Performers from **Tickled Pink Productions** put on a **fabulous pantomime**, which was enjoyed with a tippie or hot beverage, followed by an amazing buffet of festive goodies, prepared by our Chef.

We even had a visit from **Santa with his elves and snowman** no less!

*What a wonderful time of year, and how special to be able to celebrate it with our families.*
