

## St Winifreds Care Home residents enjoy wreath making and cake decorating

**On Thursday 26 November some of our lovely ladies at St Winifreds Care Home took part in a Christmas wreath making workshop.**

They all had a lovely time getting artistic and making their own designs, using poinsettias, berries and silver and gold Christmas decorations. Their beautiful works of art will hang outside our **Home** for the festive season. *Great work ladies!*

On Friday, our residents enjoyed a **music group**, where Vera Lynn was a real favourite to sing. After the group finished our ladies enjoyed some music in the lounge and continued the dancing!

At the weekend, our ladies enjoyed **decorating some carrot cakes**, kindly made by our kitchen staff. They got their creative hats on and after all the hard work was done they enjoyed their cakes with a cup of tea, finished off with a few games of bingo. *Perfect!*
