

St Winifreds Care Home residents have fun with Pippas Petals

Once a month our St Winifreds Care Home residents will be enjoying 'Pippa's Petals' – a special flower arranging session we've organised with our lovely Dining Room Assistant Pippa.

In this week's group, our ladies made some **wonderful arrangements** for our dining room tables and other display areas in our Home.

We're sure you'll agree, they did a very good job!
