

St Winifreds Care Home residents make festive table decorations

On Monday 29 November our St Winifreds Care Home residents made a start on making festive napkin rings for Christmas time.

We wound coloured string around **cardboard cubes** and used **wooden snowflakes**, which we glued and glittered, for decoration.

We are delighted with how they have turned out and think they will look great on our tables for our Christmas Eve and Christmas Day meals!

After all their hard work, our ladies enjoyed a **mince pie** – we are definitely starting to feel festive at **St Winifreds!**
