

St Winifreds Care Home residents test their target skills

After our St Winifreds Care Home residents meeting last week, our ladies and gents requested a games afternoon and we were delighted to oblige!

We tested our hand-eye coordination skills with **tin can alley** and **dart board and bean bag target games**, which were thoroughly enjoyed by those taking part – everyone did extremely well!

After the games we served **hot drinks and chocolate bars** to recharge our batteries.

What an enjoyable afternoon!
