

St Winifreds Care Home thank their amazing staff

Everyone here at St Winifreds Care Home would love to thank our amazing Housekeeping team for all their hard work; they work tirelessly to ensure optimum infection control, along with maintaining the highest levels of cleanliness and hygiene throughout the Home.

All Housekeeping staff sanitise and clean everything every day – all surfaces from equipment to tables to chairs and handrails – you name it they clean it, while smiling as they work! *Great job!*

A special shout out to our **Deputy Manager, Milana Braide**, who has been working extremely hard with minimal days off. Along with our **Home Manager Hazel Terry**, Milana has been working non-stop to keep the Home, our residents, and staff safe – as well as being happy and upbeat. We would like to thank Milana for the great job she does every day!

A big thank you, also, to our Kitchen staff! Everyday they work so hard producing fantastic meals and gorgeous desserts. Our new **Chef Oliver Britton** has been working well with our **Facilities Manager Katie Aldred**, in developing new menus. Together, they have been upgrading the menu and we now have two new dessert trolleys to serve our residents – *it's like being in the Ritz!*
