

St Winifreds Care Home thanks Patricia for her wonderful fiddle muffs

Last week we received a selection of lovely knitted fiddle muffs for our residents to enjoy here at St Winifreds Care Home.

Patricia Courtney who lives in Birchington, Kent, loves to knit and wanted to give back to local **Care Homes** by using her creative skills.

74 year old Patricia was a foster mother in the past and was the longest-standing foster parent in Kent, being awarded an MBE for her services.

She contracted COVID and fought through the virus, using her love of knitting as a focus. She has **made fiddles muffs for local Care Homes** and also thousands of masks during lockdown to help key workers.

Thank you Patricia, you are an inspiration and we absolutely love our colourful fiddle muffs!
