

Sushi tasting at St Winifreds Care Home

On Friday 22 March we had a Japanese theme to our 'Taster Friday' as part of our Japan Day at St Winifreds Care Home.

We tried some different kinds of sushi to give our residents a **fresh taste experience**. On offer were **two types – one Katsu chicken and one fish-based**. It was enjoyed by a few of our ladies and gents, but most of our residents weren't too keen. *Everyone said they were glad they had tried it though.*

And that's what our Taster Fridays are all about – giving things a go!
