

Sweet treats and helping hands at St Winifreds Care Home

Sweeties galore!

Winifreds Pantry got together this week to make some delicious old fashioned sweets here at St Winifreds Care Home.

We made **perfect peppermint creams**, **creamy coconut ice** and **luxurious chocolate truffles**.

Everyone who took part had a wonderful time and took great care to create some beautiful treats for all to enjoy. *How yummy!*

Bernard lends a hand

Our resident Bernard took time to go around our Home with our Maintenance Man Ant recently, **testing all the fans, TVs and nurse call bells** in all our communal areas, to make sure they were all in tip top working order.

He thoroughly enjoyed doing this and said that he felt useful lending a hand.

Thank you Bernard; Ant could get quite used to having such a keen workmate!
