

Wishing tree hearts at St Winifreds Care Home

This week at St Winifreds Care Home, our residents and staff have all been given a special wooden heart to 'Make a Wish for 2021' and place on our Wishing Tree.

We wanted to give everyone a smile for this year and we hope each time residents and staff see our tree, they will **smile, be uplifted** and **have hope**.

May all our dreams come true in 2021!
